### About VISTAS

Vels Institute of Science, Technology & Advanced Studies (VISTAS) was established under Section 3 of the University Grants Commission Act 1956, Government of India, New Delhi. Vels Group of Institutions had its origin in 1992 under the able leadership of Dr. Ishari K.Ganesh, who established the Vels Educational Trust, a charitable, non-profitable organisation in 1992 in the fond memory of his father Shri Isari Velan.

The group today has over 25,000 students in 25 institutions offering secondary and higher education. The services in Higher Education rendered by Vels Group has paved the way to be upgraded to the status of Deemed to be University in 2008. The University today has 15 different schools, 42 departments offering more than 100 courses in diverse disciplines including Arts & Science, Dentistry, Engineering and Technology, Hotel Management, Law, Para Medicine, Management Studies, Maritime Studies and Medicine (in the state of Telangana).

VISTAS has made a mark in management education with its high standards. A National Conference has been organized with an objective of disseminating knowledge about recent Management practices and expand knowledge to identify solutions to the societal problems. It also provides a platform for Students, Faculty, Research scholars and Industry Experts to share their ideas to enhance their personal & professional development

### About School of Management Studies

The School of Management Studies started in 1998 with 30 students, currently it has more than 650 management students spread across different disciplines. The institution is intended to enhance the overall personality of students, and to mould them into successful entrepreneurs and future leaders in leading the organization and our country to great heights. The School of Management Studies has State of the Art class rooms with WIFI connectivity, modern teaching equipment and well stocked library with 1,00,000 volumes of books, journals, e-journals, encyclopedia, almanac and magazines. The School offers premium specializations in Marketing, Finance, Human Resource Management, Systems, Production, Logistics, Shipping, Supply chain and Business Analytics

### About the Conference

NATIONAL CONFERENCE ON TECHNOLOGY ENABLED TEACHING AND LEARNING IN HIGHER EDUCATION

Teachers in the higher education have to become more professional in their approach to teaching and matching their professionalism in research. It is important to integrate

ICT into their teaching and learning to stimulate the enthusiasm and interest among students. The online education world is changing and transforming the students to innovate new approaches in learning. The adoption of new technologies in learning, teaching enable individuals to learn anywhere anytime. Technological innovation in higher education provides an opportunity to engage in collaboration with foreign universities and provide chances to distribute resources more effectively.

The aim of this conference is to motivate the participants to adapt the technological innovations in higher education. This conference would recommend solutions to technology enhanced learning & teaching in higher education through a new paradigm of digital initiatives in learning & teaching
