

Selected Paper Publications

1. A Study on Sequential Pattern Mining on Chemical Information – International Journal of Engineering & Technology, 7 (2.33) (2018) 532-535 (Scopus Indexed).
2. Support Vectorized Minimum Span Notation Index to Evaluate Structural Pattern on Chemical Bonding - Journal of Advanced Research in Dynamical & Control systems, Vol. 10, No. 4, 2018 (Scopus Indexed).
3. Probabilistic Deterministic Classifier Based Sequential Pattern Mining to Evaluate Structural Pattern on Chemical Bonding – International Journal of Computer Science Trends and Technology (IJCST) – Volume 4 Issue 5, Sep - Oct 2016.
4. Optimized Chemical Bond Pattern Search Using Tree Indexing Technique- International Journal Of Engineering And Computer Science ISSN: 2319-7242 Volume 6 Issue 2 Feb. 2017, Page No. 20333-20349.
5. A Review on Text Mining Techniques International Journal of Computer Science Trends and Technology (IJCST) – Volume 3 Issue 5, Sep-Oct 2015.
6. Survey on Query Expansion Techniques in Word Net Application, Jour of Adv Research in Dynamical & Control Systems, Vol. 10, No. 4, 2018.
